

Dear Valued Patient,

All of us at ADC - Center for Restorative and Implant Dentistry are wishing you good health. At this time, we want to inform you that our practice will be taking our first steps towards resuming a normal schedule beginning Monday, September 4th 2020. We will be modifying our schedule to include Referrals patients, routine appointments, selective procedures, consultations and emergency patients.

We will be altering the number of scheduled appointments to limit the number of patients in and out of our practice. We are resilient in our dedication to your overall health. The safety of our employees, patients, and doctors is paramount, and we believe the best strategy to protect our community from unnecessary risk is to exercise caution. As the gravity of the COVID-19 virus has become clear, we are implementing precautionary measures above and beyond the standard procedures strictly to protect the health and safety of our patients and employees. These procedures include:

- Screening patients and visitors for fever, recent travel history, and signs or symptoms of infection prior to appointments
- Pre-rinsing with a medical grade mouthwash, for one minute at the start of appointments to reduce the salivary load of oral microbes
- Implementing a strict hand washing rule upon arrival to the office
- Thoroughly disinfecting the waiting room and treatment rooms after patient visits as well as high touch areas, such as doorknobs
- Removing magazines from waiting areas
- We will allow patients to wait for appointments.
- We will be happy to text and/or call to notify you when we are ready to begin treatment

CHANDIGARH

- New air purifying systems in the patient treatment rooms.
- Continuing to provide Personal Protective Equipment (PPE) to our employees including N95 masks, face shields and disposable gowns

We ask that when you check-in you:

- Inform us if you are experiencing cold or flu-like symptoms, have an existing lung condition or immunodeficiency, or have traveled to US, UK or Europe during the last month; and
- Take advantage of hand washing and hand sanitizer at our office

Please do not hesitate to ask questions should you have any concerns, and our team will work sincerely and diligently to address them. The safety of our community is paramount, and we take our commitment to dental health and overall health very seriously.

You can reach our office at 708-780-0016 and health@avancedentalcare.com, or you can fill up the contact form at our website <http://www.avancedentalcare.com>.

Sincerely,

Team

ADC Chandigarh
